BANKERS COTTAGE

Get into the Spirit of the Springs!

Rock Springs most recently renovated retreat residence is Bankers Cottage. Originally built in 1964, the facility was remodeled and rededicated in 2006, thanks to generous funding from financial institutions throughout the state.

This popular facility is available year-round, and hosts 24 persons at full capacity. An intimate layout makes Bankers a popular choice for family reunions and other retreat style events. The building consists of two large sleeping rooms, each with two restrooms. One restroom is handicap accessible, for the convenience of our guests with special needs. The layout of each rooms is dormitory-style with bunk and single beds. Amenities such as towels and linens are provided.

Bankers Cottage is both heated and cooled, and has a stylish lobby area with ample seating, as well as a fireplace. A centrally located kitchenette, equipped with a coffee maker, microwave and small refrigerator, adds to the modern appeal. Bankers Cottage also has a screened-in sun porch connected to the centrally located lobby.
